Surgeons

WHATEVER YOUR SURGICAL NEED,
SOUTH COAST MEDICAL CENTER'S
EXPERT SURGICAL STAFF CAN HELP

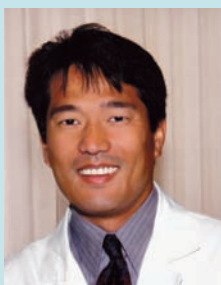

By Maggie Baumann

South Coast Medical Center (SCMC) offers a wide variety of surgeries. Procedures from laparoscopic hernia repair to brain surgery are performed by skilled surgeons at the Laguna Beach hospital. Many of the surgeries utilize minimally invasive techniques, offering distinct advantages to the patient, including smaller incisions, less pain and a quicker recovery.

Here, we spotlight a number of our active surgeons, their specialties and their office locations.

For more information on a particular physician, contact SCMC's FREE physician referral line at **(949) 499-7202** or call the doctor's office directly at the number listed.
