

Esthetician's Summer Specials

Reiki treatments starting @ \$85.00 per hour (reg. \$100.00)

Reiki is a Japanese technique for stress reduction and relaxation that also promotes healing. It is administered by a light touch and is based on "life force energy." It is believed that if one's life force energy is low, then we are more likely to get sick or feel stress and if it is high, we are more capable of being happy and healthy. A treatment feels like a wonderful glow of radiance that flows all around and through you. Reiki treats the whole person including body, emotions, mind, and spirit creating many beneficial effects that include relaxation and feelings of peace, security and wellbeing!
